

# SEYMOUR DAILY REPUBLICAN

VOLUME XXXIX NO. 58

SEYMOUR, INDIANA, MONDAY, MARCH 8, 1920.

PRICE TWO CENTS.

## 30 PER CENT BOOST IN GAS RATES HERE

Public Service Commission Fixes  
Schedule at \$1.30 Net a Thou-  
sand Cubic Feet.

### SERVICE TO BE IMPROVED

Company Required to Make Complete  
Pressure Survey of Its Dis-  
tributing System.

The Indiana public service commission has granted an increase of thirty per cent. in the gas rates in this city, officially notice of the boost having come here today. The increased schedule is granted upon a petition recently filed by the company asking for an increase of forty per cent. The order of the commission establishes a rate of \$1.30 net a thousand cubic feet for small users and a corresponding increase for larger consumers.

The commission instructs the company to make certain improvements in its distributing system that the service may be bettered.

The order follows:

1. A tentative estimate of \$110,842 was placed on the gas property of the Interstate Public Service Company at Seymour.

2. The Interstate Public Service Company was authorized to increase its gas rates at Seymour from a schedule graduated from \$1.00 to \$.50 net per 1,000 cu. ft. to a schedule graduated from \$1.30 to \$.90 net per 1,000 cu. ft., both schedules with a monthly minimum charge of \$.50 and gross rates \$.10 per 1,000 cu. ft. higher than the net rates, the net rates to be charged if bills are paid in 10 days.

3. On account of poor gas service, an increase of \$.30 per 1,000 cu. ft. in the gas rates of the Interstate Public Service Company at Seymour was made effective April 1, 1920, provided service is brought up to adequate standards by such date, or at such later date as it is established to the satisfaction of the Commission that such service is due to conditions within the control of consumers and for which the company is not responsible.

4. The Interstate Public Service Company was ordered to make a complete pressure survey of its gas distribution system in Seymour, and determine the particular consumers whose service pipes are too small or cause poor gas service, notifying such consumers of such condition that new pipes may be laid and making a complete report to the Commission on or before March 20, 1920.

5. The Interstate Public Service Company was ordered to set aside annually for depreciation one-half per cent. of the value of its depreciable gas property at Seymour, viz., \$110,842 plus the cost of subsequent additions and betterments.

For petitioner, Robert G. Gordon, Attorney. For City of Seymour, John M. Lewis, City Attorney. Charles W. Burkart, Mayor.

On January 27, 1920, the Interstate Public Service Company filed with the Commission a petition for authority to increase its rates for gas at Seymour, Indiana, \$.40 per 1,000 cu. ft.

After due notice, the matter was heard in the City Hall at Seymour, February 16, 1920.

Petitioner now has in effect the following schedule of rates.

Consumption per mo. Per 1,000 cu. ft.  
First 5,000 cu. ft. \$1.10  
Next 5,000 cu. ft. 1.00  
Next 15,000 cu. ft. .90  
Next 25,000 cu. ft. .80  
Next 25,000 cu. ft. .70  
Excess of 75,000 cu. ft. .60  
Discount of \$.10 per 1,000 cu. ft. if paid on or before the 10th day of the next succeeding month.

Minimum charge \$.50 per month per meter.

(1) The Engineering Department of the Commission made a tentative valuation of the gas property of petitioner at Seymour, finding the cost of reproduction of the property to be \$133,626 and the present or depreciated value \$110,842, including no allowance for working capital or going value.

The tentative valuation was made as of November 1, 1918, since which

(Continued on page 4, column 1)

## PROVISION MADE FOR 16 ORPHANS

Jackson County Has Quota of Fifty-  
six in National Campaign for  
Armenian Relief.

### ANY SUM MAY BE CONTRIBUTED

Lodges, Churches and Other Organi-  
zations Pledge \$5 a Month for  
Support of Child.

General interest is being manifested throughout Jackson County in the Armenian relief movement under the direction of the Rev. James Harold More, county chairman, and provision has already been made for sixteen orphan children for one year. The county's quota is fifty-six, leaving forty to be provided for during the campaign. An annual contribution of \$60 is required to feed one Armenian orphan and this sum may be paid at the rate of \$5 a month. Mr. More expects that the county will provide for its entire quota.

"If anyone desires to help in this cause and does not feel that he can pay \$60 a year, any amount he can give will be gladly received," said Mr. More. "One man in the western part of the county called on C. D. Billings, treasurer, and told him that he had read about the pitiful conditions in Armenia and while he was unable to provide for a child for a year he desired to assist and gave \$5. It is this spirit that will make the campaign a success."

The Armenian relief movement was emphasized in a number of the churches Sunday and some of the pastors announced that special collections would be taken next Sunday for this cause. It is believed that nearly all the churches in the city will agree to provide for at least one child each for one year. Many of the Sunday Schools have already become sponsors for at least one Armenian orphan. The matter is to be presented to the lodges and other organizations in the city and it is thought some of them will aid.

The Armenian relief is especially important to the churches of the country as Armenia is the old christian country in the world and her terrible plight today is due largely to her determination to maintain christianity. The cruelty of the Turks has been severe because the Armenians refused to give up the christian religion.

Plamlets and circulars relative to the Near East campaign were distributed at many of the churches Sunday. They contained pictures and verbal accounts of the terrible suffering in Armenia and Syria. Children are dying there daily for want of food. Hundreds are in such condition that they cannot live, but thousands can be saved, the circulars state, if immediate relief is provided for them. This campaign is devoted particularly to the saving of orphan children. Hundreds of parents have died from starvation as they have given all the meager food they could find to their children.

It is thought that the full quota will be contributed here. Many rural churches have become interested in the movement and will accept their responsibility along with the religious and fraternal organizations in Seymour, Brownstown and Crothersville.

### Notice to Ladies.

The report which is circulated that I won't make a dress for less than \$16.00 is untrue and without foundation. My prices are from \$6.50 to \$10.00. It depends on the material and style of making and if any braiding, beading or embroidery is required for trimming, there are extra charges, as I send most of it to Louisville to be done. This false report will greatly injure my business. m13d Miss Rosebery.

## NEXT OF KIN RECEIVE FRENCH MEMORIALS

Next of kin of American soldiers, sailors and marines who died in the war receiving the French certificates of honor in the Twenty-second Regiment armory in New York city. At the left, B. L. Cunningham, Jr., holding tight the memorial of his father, who was killed in France.

## BEDFORD DEFEATS LOCAL FIVE, 39-13

Stone City Basketball Team to Represent District in State Tournament at Bloomington.

### S. H. S. PLAYS AGAINST ODDS

One Player Ill and Two Others Suffer Minor Injuries in West Baden Contest.

The Bedford high school basketball team won the sectional honors of this district by defeating the Seymour five, 39-13, in a hotly contested game Saturday night and accordingly will compete for the state honors at Bloomington next Thursday, Friday and Saturday. The sectional tourney as a whole was a great success, even standing room being a privilege for all games.

Cheer after cheer arose as both teams entered the floor for the decisive battle previous to which the crowd was delightfully entertained by the high school band. The two teams received loyal support, many of the defeated teams favoring the S. H. S. quintet. Quite a few local fans were on hand for the final test while others who were less fortunate, congregated at The Republican office and awaited returns.

The Stone City five was the first

### GAME WARDENS WILL PROTECT WILD DUCKS

State Department of Conservation Will Co-operate With Federal Government.

Rex M. Whitson, a member of the state game warden service, received a letter from the headquarters of the department of conservation this morning stating that the state would co-operate with the federal government in protecting wild ducks this spring. It is pointed out that there is no state law prohibiting the shooting of wild ducks and many have been killed in this section each year. However, the federal conservation law prohibits killing ducks and it is compulsory that the state game officers enforce it. It was generally believed by local hunters that they would be allowed to kill ducks and the announcement just made by the state department of conservation will no doubt be a big disappointment to many of them.

### Seymour-Brownstown-Vallonia Bus Line.

We will resume our regular schedule Tuesday, March 9th. m10d Central Garage & Auto Co.

## FRED SEULKE DIES FROM INJURY SUSTAINED IN FALL

Former Local Man Expires in Hospital in Indianapolis—Funeral Here Wednesday.

Fred Seulke died at a hospital in Indianapolis, Sunday night at 10:30 o'clock. Mr. Seulke fell on the ice a month ago and received internal injuries. Relatives here thought he was improving as he was able to be up and around the house, until they received a message Saturday stating that he had been taken to the hospital.

Mr. Seulke was born and reared in Seymour and made his home here until about eighteen years ago. While living here he was employed as caller and hostler in the Baltimore and Ohio yards. He was fifty-nine years old. He was a member of the Odd Fellows and the local order will have charge of the funeral services.

He is survived by one daughter, Mrs. Cleona Boyden, of Indianapolis, and a sister, Miss Doris Seulke, of Seymour, two brothers, William Seulke, of Seymour, and Louis Seulke, of Indianapolis. His wife died about a year and a half ago and the body was buried here. The remains will be brought to Seymour Wednesday morning and taken to the Voss undertaking establishment. The funeral will be held from the Voss chapel Wednesday afternoon at 2 o'clock. Burial in the St. Paul Congregational cemetery.

### MRS. MAY MILLER DEAD.

Former Resident of Rockford Dies at Vallonia.

Mrs. May Grindstaff Miller died at her home in Vallonia, Saturday, Mar. 6, aged twenty-seven years. Mrs. Miller was taken ill a week ago with influenza and she died from complications. She was the daughter of Mr. and Mrs. George Grindstaff, of Rockford, and was born and reared at Rockford, which was her home until about four years ago. For the past year she lived at Vallonia.

Mrs. Miller is survived by her husband and one daughter, two years old, her parents, three brothers, Charles and George, of Seymour, John, of Indianapolis, and three sisters, Mrs. Lula Cox, of Seymour, and Mrs. Edie Spurlock and Mrs. Katie Ragsdale, of Indianapolis. The remains were taken to the home of her parents today, from which the funeral will be held Tuesday afternoon at 2:30 o'clock. Rev. John Anderson, of East Columbus, officiating. Friends invited. Burial in Riverview cemetery.

### BODY WILL ARRIVE

Remains of Edward Lahrman Will be Taken to Brownstown.

The body of Edward Lahrman, a former Brownstown man, who was killed at Carlisle, Washington last Wednesday is expected to arrive here this evening or Tuesday morning. The remains will be taken to Brownstown for interment in Fairview cemetery there.

Remember that ARISTOS FLOUR can be used to make the best cake, biscuits, pies and coffee cake, as well as the best bread. Try it and be convinced. At all grocers. m11d

Fresh oysters. Kelley's Lunch Stand. Phone 296. m27dt

## CHANGE IN ROAD LAW ADVOCATED

Amendment Dealing With Fund Provision of Present Measure Will Be Asked.

### OF INTEREST IN THIS COUNTY

Counties Would Be Permitted to Advance Money for Preliminary Township Road Work.

An amendment to the Indiana road law which would permit counties to advance money for preliminary road work in townships will likely be offered if a special session of the Indiana legislature is called. Such a change in the present highway measure would be of interest in Jackson county. The suggestion has come from Jesse Eschbach, chief examiner of the state board of accounts, and is understood to have been approved by county and township road officials. The proposed amendment would also give persons petitioning for road improvements privilege to deposit money to defray preliminary expenses.

It is illegal for counties to advance money for township road work under the law at present. That means salaries of engineers and other expenses can not be paid until road bonds are sold. In some townships money realized from sale of bonds for one road job is used to defray preliminary expenses for another job.

In counties, however, that have been advancing money to townships for roads the county auditors are criminally liable. Under that system the county's money is in use sometimes for three or four years and is returned without interest.

If an amendment requiring petitioners to furnish money for preliminary expenses is advocated by engineers of the state the sum collected would be returned to the petitioners with interest after the road bonds had been sold.

### Owen S. Dean Dead.

Owen S. Dean died Sunday morning at 2:30 at his home south of Uniontown, following two weeks' illness with influenza and pneumonia. He was thirty-nine years old on March 3, and was born in Kentucky, moving to Uniontown about two years ago. He is survived by the widow and a number of brothers and sisters. Mrs. Dean is in a serious condition with influenza. The body was taken to the former home, at Harrisburg, Ky., this afternoon for burial.

Hair cutting 25c; razor honed, will cut like new, 35c. I sharpen household scissors also. Sprenger's Barber Shop, one door north New Lynn Hotel. m31d&w

## MAINTENANCE MEN TO DECIDE STRIKE

Railway Shop Laborers Also to Determine if They Will Delate for Walkout Now.

### SOME FAVOR ARBITRATION

Provision of New Railroad Bill Has Never Been Invoke—Conference Today.

By United Press

Chicago, March 8—Representatives of the Brotherhood of Maintenance of Way Employees and Railway shop laborers will decide today whether to call the 400,000 members of the organization out on strike, officials announced when they resumed their general conference here today.

Regional meetings of representatives of the Brotherhoods have been held during the last two days to determine whether the sentiment of the men favors giving arbitration provisions of the new railroad bill a chance to operate or an immediate general strike.

"We have had a hard time holding the men in line" officials agreed today as the session opened. Some expressed the opinion that unless a strike is ordered by today's meeting brotherhood members will break away from control of officials.

Demands of the brotherhood for increased wages were first presented six months ago. Action was delayed by a request from President Wilson.

## ALLIES AND TURKISH FORCES CLASH IN CONSTANTINOPLE

20,000 British, French and Italian Troops Made "Extensive Military Demonstration."

By United Press

London, March 8—Allied and Turkish forces have clashed in Constantinople, official messages today declared. Martial law has been declared. The messages said, 20,000 British, French and Italian troops "made extensive military demonstration." The Turks resisted and fighting followed, the messages added. No details of casualties were given.

A Paris dispatch said British and Italian reinforcements are enroute to Constantinople and will swell the allied garrison in Turkey to 50,000 troops, the Matin said today. The 50,000 troops in Turkey, it added, will not include the 5,000 French soldiers now on duty in the Balkans.

### LEGION MINSTREL TONIGHT.

Performers and Members State Parade at Noon Today.

Members of Seymour Post, No. 89 of the American Legion who will stage a minstrel at the Majestic theatre tonight and Wednesday evening headed by a band, gave a street parade at noon today. It was seen by many people in the downtown district. Everything is in readiness for the big minstrel tonight which promises to be the best home talent show ever given in Seymour.

### DIES AT HOSPITAL

14 Year Old Son of Mr. and Mrs. Charles Dowling Dead.

Harold Dowling, 14 year old son of Mr. and Mrs. Charles Dowling, of the county line vicinity, died at the Schneck Hospital this afternoon at 3 o'clock. The lad recently had his left ankle operated on. He has been in declining health for several months. The funeral arrangements have not been completed.

Mrs. Della Allman returned after Bloomington this morning after spending a few days with relatives here. She came to attend the wedding of her son Bert Allman, and Miss Mary Wiseman, which took place Thursday.

On account of its short patent ARISTOS FLOUR goes a long ways. m11d

Miss Hazel Robbins is spending a few days in Sparksville.

## PASTORS' CONFERENCES

Will Be Held in Every State in Union Under Auspices of Interchurch World Movement.

Arrangements have been completed for the great series of pastors' conferences to be held in the central West this month and in March, under the auspices of the Interchurch World Movement. It is expected that these meetings will to a large extent explain to clergymen everything about the movement and also show them the tremendous impetus already gained by this world evangelistic campaign. Pastors' conferences will be held in every state in the Union, having been arranged on simultaneous dates from Feb. 16 to March 12.

The first of the pastors' state conferences in this part of the country will be held at Milwaukee, Feb. 18 to 20, and Dr. R. Calvin Dobson, field manager for the Interchurch World Movement for Wisconsin, has sent out invitations to all the protestant clergymen of the commonwealth. Acceptances thus far indicate that the Milwaukee conference will be the most notable meeting of the kind ever held in Wisconsin.

Other conference dates are as follows:

Iowa—at Des Moines, Feb. 23 to 25; Michigan—at Lansing, Feb. 25 to 27; Indiana—at Indianapolis, March 1 to 3, and Illinois—at Chicago, March 10 to 12.

A uniform program of procedure will prevail at all the conferences. They will open at 2 p. m., continue that day and evening, all the next day and well into the afternoon of the third day. Every phase of the Interchurch World Movement will be covered and explained by men actively identified with the great work.

Each conference will begin with a fifteen-minute devotional exercise at 2 p. m. This will be followed by an

## THIS THE MOMENT. OF MOMENTS TO GAIN SPIRITUAL UNITY

By DR. JOHN R. MOTT.

DR. JOHN R. MOTT.  
Chairman Executive Committee Interchurch World Movement.

This is the moment of moments for us to find our unity, our spiritual solidarity, without sacrificing our diversity and that which is most distinctive to each of our communions and which, by the way, is the choicest possession we have.

The reason why we of each denomination most value that which is distinctive to us is not simply because it is ours, but because we honestly believe it is the truth. It is our choicest possession. Without sacrificing our distinctiveness we want to realize our unity and solidarity as we gather 'round the figure of our Lord with open minds, responsive hearts and, I would say, hair trigger wills—by that I mean wills that are eager to leap into action when we see a clear path.

opening address to explain the aim and scope of the movement. The remainder of the afternoon will be devoted to the foreign survey, on which so much work has been done already as to permit of many rather detailed statements of facts that, it is expected, will amaze everybody not familiar with conditions beyond the North American continent.

The evening session, after a devotional exercise, will be devoted to "The Outlook" and "Everyland," the magazines published by the Interchurch World Movement, and to a complete explanation of the home survey and its disclosures thus far.

The second day will begin at 9 a. m. with devotional exercises, after which the day will be divided into periods of from fifteen to twenty-five minutes. Thirty minutes will be devoted to religious education, hospitals and homes and industrial relations. Fifteen minutes will be given to the literature of the movement and the same length of time to the financial exhibit of the movement. Forty-five minutes will be devoted to American education.

The afternoon session will be devoted to a fifteen-minute discussion of evangelism; an hour to the field program; forty-five minutes to the financial organization and fifteen minutes to the educational group.

The imperative need for the movement will be emphasized at the evening session, which will convene at 7:30 o'clock. Under this general topic, world conditions will be discussed and next the necessity of co-operation to meet that need.

The last day's session will open at 9 a. m. with devotional exercises, followed by reports of the committees and discussion of their recommendations. An hour will be devoted to financial organization, followed by a prominent pastor's address. The sessions will conclude with devotional exercises, to begin at 2 p. m.

That these state conferences will be inspirational and very helpful to the great movement is considered certain judging from the interest being shown in all parts of the country. Leaders of the movement will be present at the conferences to make addresses and to enlighten the pastors on all subjects with which they are not familiar. The

## USES OF ASPIRIN TOLD BY "BAYER"

Bayer Company, who introduced Aspirin 18 years ago, give advice.

When the Bayer Company introduced Aspirin over eighteen years ago, physicians soon proved it a marvelous help in relieving Rheumatism, Colds, Headache, Neuralgia, Earache, Toothache, Lumbago, Neuritis, Aching Joints, and Pain in general.

To get this same genuine, world-famous Aspirin, you must ask for "Bayer Tablets of Aspirin," marked with the "Bayer Cross." You will find safe and proper directions in every unbroken package.

Handy tin boxes of 12 tablets cost only a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monaceticacidester of Salicylicacid.

## FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo. Obtained at any drug store for 35c, or extra large bottle for \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

The E. W. Rose Co., Cleveland, O.

field managers for the various states will have charge of the conferences, assisted by leaders in the various branches of the work.

Mr. and Mrs. Otto Hartman spent the week end in Aurora the guests of Mr. Hartman's mother, Mrs. Louise Wagner.

Mrs. Lula Brooks and children have returned to their home in Flemings after a visit with Mrs. Rosa Brooks.

ARISTOS FLOUR invariably makes a lifelong friend of the discriminating housewife. At all grocers. mld

## WARNS NATION OF RED PERIL

U. S. Department of Justice Urges Americans to Guard Against Bolshevism Menace.

## CALLS RED PLANS CRIMINAL

Press, Church, Schools, Labor Unions and Civic Bodies Called Upon to Teach True Purpose of Bolshevik Propaganda.

Washington.—Calling for the patriotic support of all true Americans in its fight to protect their homes, religion and property from the spreading menace of Bolshevism, the United States Department of Justice has issued a warning against the insidious propaganda of the "Reds" during the new year. It reads:

"It would be extremely helpful to the cause of good government, the maintenance of law and order and the preservation of peace and happiness in our country if the people on this New Year's day would resolve to study, understand and appreciate the so-called 'Red' movement. They can counteract it most effectively by teaching its purpose through the press, the church, the schools, patriotic organizations and labor unions, all of which are within the range of its insidious attacks.

## "Red" Theories Criminal.

"The 'Red' movement does not mean an attitude of protest against alleged defects in our present political and economic organization of society. It does not represent the radicalism of progress. It represents a specific doctrine—namely, the introduction of dictatorships the world over by force and violence. It is not a movement of liberty-loving persons, but a distinctly criminal and dishonest movement. Lenin himself made the statement at the Third Soviet Conference, 'Among one hundred so-called Bolsheviks there is one real Bolshevik, thirty-nine criminals and sixty fools.' It advocates the destruction of all ownership in property, the destruction of all religion and belief in God. It is a movement organized against Democracy and in favor of the power of the few built by force. Bolshevism, syndicalism, the Soviet Government, sabotage, etc., are only names for old theories of violence and criminality.

## Russian Labor Crushed.

"Though their adherents in this country are advocating and fomenting strikes, Lenin and Trotsky forbid strikes, and trade unions are being broken up and completely subordinated to the will of the few demagogues in control in Russia. This Bolshevik experiment on the living body of the Russian people has not proven in any sense of the word an experiment in Democracy. The Bolshevik leaders frankly repudiate democratic principles as we understand them. It has been a gamble which meant for Russia, and, indeed, for the whole of humanity, enormous losses in lives as well as in material resources. The Bolsheviks have run up a colossal bill which the Russian workmen and peasants will have to pay.

## "Reds" Menace America.

"Having lived at the expense of the Russian people for two years, these speculators in human lives and other people's earnings are trying to move to new fields to the east and to the west, hoping to take advantage of the economic distress and confusion of mind in which humanity finds itself after the terrific strain of five years of war.

"Its sympathizers in this country are composed chiefly of criminals, mistaken idealists, social bigots and many unfortunate men and women suffering with varying forms of hyperesthesia. They are enemies of the government, of the church and of the home and advocate principles which mean the abolition of all three of these safeguards of civilization.

## Would Rob Everybody.

"Twenty million people in this country own Liberty Bonds. These 'Reds' propose to take away; 9,830,000 people in the United States own farms and 3,838,000 more own homes, which they would forfeit; 11,000,000 odd people have savings accounts in savings banks and 18,000,000 people have deposits in our national banks, at which they aim. There are hundreds of thousands of churches and religious institutions, all of which they would abolish. In other words, 110,000,000 hard-working and saving people who own property, love liberty and worship God are asked to abandon all the ideals of religion, liberty and government, which are the outcome of the struggles of their fathers and their own development, and to place themselves, their homes, their family and their religious faith in the keeping and their property under the domination of a small group of Lenins and Trozkys.

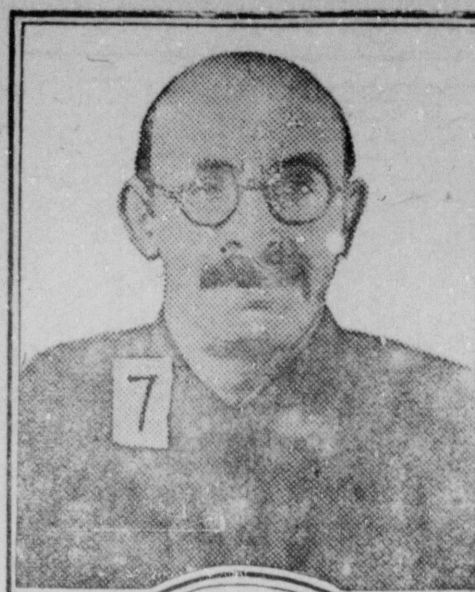

## Protection Promised.

"This department, as far as existing laws allow, intends during the forthcoming year to keep up an unflinching, persistent, aggressive warfare against any movement, no matter how cloaked or dissembled, having for its purpose either the promulgation of these ideas or the excitation of sympathy for those who spread them. The movement will not be permitted to go far enough in this country to disturb our peace and well-being or create any widespread distrust of the people's government. It will fall away before the light of popular knowledge and appreciation of its aims and purposes."

## Protection Promised.

## RED PAMPHLETS YANKS SPURNED

Poison Propaganda to Russian A. E. F. Revealed by U. S. Secret Service.

Extracts from pamphlets, published by the English-speaking Communists in Russia, and distributed among the American troops in the North—now in the possession of the U. S. Department of Justice.

"Comrades! Drop this dirty work. Turn your guns on your real enemies, the sweaters and capitalists.

"Come with us in the far nobler struggle to establish the triumph of labor the world over.

(Signed) N. LENIN."

"East and Central Europe is aflame with the revolt. The exploiting class has in some countries fallen, and in others are on the point of falling. The dawn of the day of Labor's emancipation has come!"

"You have arms. You know how to use them. Will you, like slaves, use them in defense of your master, or will you use them to help your class be free? If the former, then you know that you will meet with determined resistance of the united revolutionary people of East and Central Europe, and History will be your Judge. If the latter, then here's a hearty welcome into the ranks of international labor."

"We want you to understand that every country in the world—including your own—can become a socialistic state, a workmen's country, if only it follows the Russian example. Every nation in the world—including the 'yankee race'—can become a really free nation, if it only does away with the trusts, the money lords and the bloodthirsty exploiters. It is up to you American soldiers to do it! It is up to you to bring the great lesson of the Russian Revolution home to your toiling and suffering brothers. It's up to you to start it there—in your own America, you just start it—and your brothers will follow you! You just dare! You have nothing to lose but your chains. You have a world to gain.

"You just dare to take home with you the Red Banner of the Revolution—and inscribe upon it:

"Down with capitalism!  
"Long live Industrial Freedom!  
"Long live Socialism!"

"You probably would let us alone and go home, if your officers would let you. But they do not intend to let you do so. You are under their orders, and they are under the orders of 'higher ups,' and those are under the orders of 'still higher ups,' etc. At the top of the whole pile are the wealthy capitalists who want to get their greedy hands upon the mines and factories, railways, etc., of Russia. That is the reason you are here to rob workmen and make millionaires richer.

"We know that you are bound, hand and foot by discipline and have been in blind ignorance of what you were doing here or why you came. The only way that you can do the decent thing is by breaking the discipline that drives you to this crime against your own kind, the working class.

"The war is over. There is no honest reason for you to submit to military orders. You are not fighting German militarism! You are submitting to it when you obey the commands of your own officer.

"You can break away. We know that you can, for we did. You are powerful enough and numerous enough to arrest the officers or to do with them what you please. Or you can come over to us."

## An Absorbing Display of Spring Suits, Coats and Frocks For Ladies and Misses

There are so many points of attraction in our Spring showing that we scarcely know which to emphasize the most.

The models are very distinctive in their elaborate conceptions, as well as the more severe tailored designs.

The fabrics are of the very newest and most fashionable weaves and the colors are of very rich tones with artistic trimming treatments. Another vital attraction—a price moderation very unusual when associated with such elegant styles and qualities.

**Suits \$29.50 to \$75.00**    **Coats \$19.50 to \$65.00**    **Dresses \$29.50 to \$69.50**

### ALTERATIONS FREE NEW SPRING FABRICS

**Silk Foulard \$3.50**  
Yard wide, high grade silk beautiful figures, for dresses.

**Silk Taffeta \$3.00**  
Black, white and all colors, 36 inch, for blouse, skirts and dresses.

**Baronette Satin \$6.50**  
40 inch heavy satin in white, gray, black, white and navy, beautiful fabric for exclusive skirts.

**Silk Skirting**  
In exclusive brocaded satins, 40 in. \$8.50 yard to \$12.50.

**Crepe de Chine \$2.50**  
40 in. wide all wanted shades, for waists and dresses.

**Storm Serge \$1.75**  
54 inches wide, in the popular navy blue for skirts or suits.

**New Satins and Charmeuse**

**Novelty Voiles \$1.00 to \$1.75**  
40 inches wide, attractive fabric for Confirmation and Commencement.

**Plain Organdie 60c to \$2.00**  
In all grades of sheer pretty weave and pretty laces to trim.

**Plain Voiles 60c to \$1.75**  
40 inch, all wanted shades, excellent fabric for blouses or dresses.

**Dress Ginghams 35c to 45c**  
New spring plaids, and plain colors to match, fast colors.

**Dress Ginghams 55c to 75c**  
32 inch French finish, newest color combination plaids.

**Plisse Crepe 50c**  
Plain and novelty designs in wanted colors, for fine lingerie.

### 30 PER CENT. BOOST IN GAS RATES HERE (Continued from first page)

time approximately \$4,000 of additions and extensions have been made, including the 1920 construction budget. This sum added to the present value found by the Commission's staff, gives a total present value of \$114,842, which, for the purposes of this case, petitioner accepts as the value of its Seymour gas property. No objection to such value was made by the city.

(2) The following is the 1919 income account of gas operation:

#### OPERATING REVENUES.

Year 1919.  
Commercial gas earnings, \$25,274.55  
Industrial gas earnings, .00  
Miscellaneous earnings, .00  
from operation, .00

Total operating revenues, \$25,274.55

#### OPERATING EXPENSES.

Production expenses, \$18,465.18  
Distribution expenses, 1,910.49  
Miscellaneous expenses, 3,653.16

Total of above items, \$24,028.83  
Taxes, 1,975.66  
Depreciation, .00

Total operating expenses \$26,004.49  
Net operating revenues \$729.94 (def.)

#### NON-OPERATING REVENUES.

Piping and connections, \$ 334.61  
Merchandise sales, 50%  
of profit, 1,007.69

Total non-operating revenues, \$ 1,342.30

Gross income, \$ 612.36

NOTE: The above statement takes into account all Operating Earnings and expenses, together with non-operating revenues and the inventory adjustment made on December 31st, but nothing has been taken into account as representing credit given the gas department on account of indirect charges to construction.

It will be observed that the net operating deficit for 1919 was \$729.94. The non-operating revenue was \$1,342.30, resulting in a gross income for the entire gas department of \$612.36.

"The evidence discloses that at the time of the hearing, petitioner was paying \$5.75 per ton for coal unloaded at plant as against the averaged price for the year 1919 of \$5.19;

that no decrease in the price of coal is probable during 1920 and an increase is likely. On the basis of the present price of coal, and assuming the same consumption in 1920 as in 1919, the coal bill of the gas plant will be increased \$1,376. Without considering other probable increases in operating expenses, and assuming the same gross revenues in 1920 as in 1919, petitioner faces a prospective operating deficit in 1920 of approximately \$116 under the present rates."

The report shows that coal has increased in price from \$3.10 a ton delivered in 1917 to \$5.75 in 1919. Labor, it was shown, also costs more in some instances nearly 100 per cent. increase.

The report continues:  
It clearly appears that petitioner is entitled to an increase in its rates. Petitioner asks for an increase of \$ .40 per 1,000 cubic feet. The commissioner is of the opinion that an increase of \$ .30 per 1,000 cubic feet will permit petitioner to pay its operating expenses, taxes, provide for depreciation and pay a fair return upon the value of the property.

"General complaint was made as to service. A number of witnesses residing in various parts of the city, testified that petitioner is not rendering adequate service. The Chief Engineer of the Commission testified as to the necessary steps which would be taken to improve the service. Petitioner contended that the larger number of complaints were due to small service pipes on consumer's premises.

"The Commission is of the opinion that increased rates should not become effective until the petitioner has improved the service or until it clearly shows that the present conditions of service is due to conditions within the control of the consumers. The heat content of the gas was shown to be adequate. According to the testimony of the Commission's Chief Engineer, the operation of a booster at the plant during the peak load hours, may be responsible for some of the complaints. This booster is necessary to the rendition of adequate service, but greater care should be taken in its operation in order that pressure variation be reduced to a minimum that will insure good service. Petitioner will be required to make a complete pressure survey of its distribution system. By this and such other measures as can be applied, petitioner will be required to determine the exact consumers whose

service pipes are too small or cause poor gas service. When it is determined that inadequacy of service results from small or improper service pipes on consumer's premises, the consumer should be notified of the condition and new service lines should be laid.

The Commission finds, therefore, that the existing rates for gas in Seymour are inadequate and insufficient and should be increased \$ .30 per 1,000 cubic feet. The Commission further finds that such increase should become effective April 1, 1920, provided gas service in the city of Seymour in the interim is brought up to adequate standards, or at such later date as it is established to the satisfaction of the Commission that bad service is due to conditions within the control of consumers and for which petitioner is not responsible. As to these facts petitioner is ordered to make written report. The Commission further finds that petitioner should set aside annually as herein tentatively determined, plus the cost of future additions and extensions."

Consumption per mo.	Gross	Net
First 5,000 cu. ft.	\$1.40	\$1.30
Next 5,000 cu. ft.	1.30	1.20
Next 15,000 cu. ft.	1.20	1.10
Next 25,000 cu. ft.	1.10	1.00
All over 50,000 cu. ft.	1.00	.90

Per Meter

Minimum charge per mo. .50 .50

The net rates shall be charged if bills are paid on or before the 10th day of the next successful month; otherwise the gross shall be charged.

#### DIES OF PNEUMONIA

Son of Mr. and Mrs. W. J. Smiley  
Dead at Joplin, Mo.

Mr. and Mrs. T. A. Reed, who reside on East Second street received a message this morning announcing the death of their great-grand-son Reed Smiley, 9 year old son of Mr. and Mrs. W. J. Smiley, which occurred at the family home at Joplin, Mo., Saturday afternoon at 4:30 following several days' illness of pneumonia. The deceased's mother was formerly Miss Hazel Reed, of this city. The funeral service will be held at Joplin.

## Agricultural Notes

### DO NOT PRUNE PEACH TREES TILL BUDS SWELL

The fruit buds of the peach are not always able to resist the low winter temperatures in Indiana, which is the greatest risk in growing peaches in this state. Since a large percentage of the buds are so often killed, it becomes necessary to always prune a peach tree with this fact in mind, says C. L. Burkholder of the Purdue Horticultural Department.

"Always delay the pruning in the peach orchard till the buds begin to swell in the spring. The live ones will enlarge and grow plump. The dead ones will wither and dry up," he says. "In case there are only a few buds, do very little pruning, consisting of a little thinning out of the branches in the center of the tree and no cutting back of the main limbs. If it should happen that all or practically all the buds survived the winter, the trees can be thinned out and the growing points cut back a third to a half. This will greatly reduce the total number of peaches and take care of the thinning that would otherwise have to be done by hand later."

"There is still a third possibility, that of having all the fruit buds killed. In that case heavy pruning is always advisable. A peach tree is short lived unless it is cut back pretty severely every few years. A complete loss of buds provides this opportunity in which case thin out and cut back at least three-fourths of the previous season's growth. Where the trees are over ten years old, are tall and leggy, the main limbs may be cut back to stubs 3 feet long. In the latter case special cultivation and fertilization should be given the trees the following summer.

"Cultivation should commence early and a fine dust mulch be kept on the soil throughout the early part of the summer. Many people having only small acreages of peaches prefer to delay their pruning until after all danger of frost is over, which means waiting till after the blossoming season. Thus they make doubly sure they know just what they are doing when they start to prune. It will not hurt a peach tree to prune it for three weeks after the blossoming season."

A two handle loppers is the best and fastest pruning tool for peaches. Swivel blade pruning saws are among the best on the market.

### EARLY HATCHED CHICKS MEAN EGGS NEXT WINTER

March and April have proved to be by far the most profitable months for hatching chicks. The general-purpose breeds should preferably come off in March, while the Leghorn may be hatched in April. Now is the time to prepare for "winter eggs" next season. The best hens molt in October and December usually resting until January, while the others molt earlier and require a longer period of rest, beginning to lay again in February or March. This rules out the hen as a winter egg producer. The early hatched pullet which begins to lay in October, or November is the only dependable source for winter eggs which are always high in price.

The broilers are more profitable, too, when hatched in March or early April. Last year broilers were selling at 40 cents a pound in June and 25 cents in September. On a two pound broiler this means a difference of 30 cents due entirely to the time of hatching.

It costs no more to hatch early than late. In fact it is usually more economical since the early chicks are stronger, grow more rapidly, resist disease and withstand hot and rainy weather better than May and June chicks.

"But the hens won't set," is the usual reason given for not hatching early. The incubator will "sit" and it run according to directions when filled with strong, hatchable eggs will give as good results as the hen. Figures from Demonstration Farms whose owners are co-operating with Purdue University show that where these farms set some eggs under hens and some in incubators the incubators gave a higher average percentage hatch than the hens.

Mrs. John E. Hunsacker of Valonia, spent today in this city.

### SELECTED POTATO SEED DOUBLES YIELDS

Blaine Miller, a farmer near Lafayette, increased his yield of potatoes from 55 to 115 bushels per acre by procuring certified Rural New Yorkers instead of planting just "seed potatoes." Miller had a ten-acre field which he planted to Rurals, 1-3 of it was planted with selected stock; 1-3 with his own seed and the remainder of the field with seed bought at a commission house. All portions of the field were given the same careful attention throughout the growing season. The good seed stock gave an almost perfect stand of vigorous, almost disease-free plants. All during the summer it was quite evident in which portion of the field the good seed had been planted. At digging time more than 100 percent increase of smooth, uniform potatoes were harvested from the product of the good seed than from the poor.

Other fields throughout the state proved that Irish Cobbler, and Early Ohio for the early planting and Rurals from selected seed strains gave decided increases.

Thousands of bushels of selected seed have already been purchased by potato growers over the state. To help in this work the Horticultural Division of the Extension Department, Purdue University, at Lafayette has located supplies of the best seed of varieties suitable to the state. They will be glad to help you upon request.

The supply of the best seed stock of these standard varieties is getting very low. With the continued demand and high prices, potato growers and farmers are making every effort to locate their seed stock. In many cases, where they formerly bought just "spuds" for seed, they are now insisting that they know the past performance of the seed and have a guarantee that it is comparatively free from disease and true to variety name.

#### Self Mastery.

It's the biggest business of life to think character into rounded fullness. There is no royal road to it. Men of wealth and men of poverty must travel the same road and make the same sacrifices. Only the rich man makes more of them. Full-blooded life is heaven's greatest gift. It is every man's right. The price men pay to win and retain it is complete self mastery. That means definite principles of living. It means a set goal and forcing the life to make every deed contribute toward realizing it. Call it visionary if you will. By so doing you confess to failure of realizing life's guiding principles. To win the highest worth you must keep the mind focused on making the life reach the perfection to which it is heir by creation. It can be done.

### SOCIAL EVENTS

#### BIRTHDAY DINNER.

Mrs. M. Fox entertained a number of guests with a dinner Sunday noon at her home on East Second street, in honor of the seventy-fifth birthday anniversary of Mr. Fox.

Covers were laid for Mr. and Mrs. Charles A. Fox and children, Jean and Raymond, of Cincinnati, Mr. and Mrs. J. W. Driscoll, Mr. and Mrs. Leo Driscoll, of Indianapolis, Mr. and Mrs. George Fox and sons, George, Jr., and Frank, of Greensburg, Pa., Mr. and Mrs. Charles Moore and son, Donald, Mr. and Mrs. Fox.

All of the children were present with the exception of one daughter, Mrs. Byron Webb, of Franklin, who was unable to attend on account of the illness of her husband.

#### CELEBRATE BIRTHDAYS.

Miss Virginia Pauline Hoadley, and Graham Andrews entertained about twenty little guests Saturday afternoon at the home of Avis Hoadley, corner Third and Walnut streets, in honor of their ninth birthday anniversaries. The afternoon was spent with music and games, and refreshments were served at the home of Mrs. A. J. Pellens. A large birthday cake with candles formed the table centerpiece. Both honor guests received a number of gifts. Miss Christine Meyer assisted in entertaining.

#### MISSIONARY SOCIETY.

Mrs. Emma Perrin, Mrs. Emma Johnston, Mrs. Elizabeth Rinne and Mrs. Mary McKee Smith will be hostesses to the members of the Woman's Home Missionary Society which will meet Tuesday afternoon at 2:30 at the home of Mrs. Rinne, on South Poplar street. The following program will be carried out: Devotions—Mrs. Cora Patrick. Subject: Mark 6:7-13. (Our Italian Work—Mrs. Lillian Chadwell.

Reading—Mrs. Leota Nickols. Instrumental Duet—Grace and Ethel Dunn. Dues Day.

#### LEIGH—BIEZE.

Miss Lovess Leigh of this city, and Henry H. Bieze, of Bedford, were united in marriage at 4:30 o'clock Sunday afternoon at the parsonage of the Central Christian church, on North Poplar street, the pastor, Rev. W. E. Carroll officiating. The bride and groom will leave Tuesday for a short visit with her parents in Elizabethtown, before going to Bedford, where they will make their home.

#### SNAPPY AIR.

Some people go south to escape the Hoosiers' winters; others remain at home and use Nval toilet creams against the snappy Hoosier air. Thus both are enabled to enjoy the winter months each after his own fashion. Nval remedies are wonderful help-mates at all seasons, and are wholly dependable.

## HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

## WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL  
HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

## BELCHING Caused by Acid-Stomach

Let EATONIC, the wonderful modern stomach remedy, give you quick relief from disgusting belching, food-repeating, indigestion, bloated, gassy stomach, dyspepsia, heartburn and other stomach miseries. They are all caused by Acid-Stomach from which about nine people out of ten suffer in one way or another. One writes as follows: "Before I used EATONIC, I could not eat a bite without belching it right up, sour and bitter. I have not had a bit of trouble since the first tablet."

Millions are victims of Acid-Stomach without knowing it. They are weak and ailing, have poor digestion, bodies improperly nourished although they may eat heartily. Grave disorders are likely to follow if an acid stomach is neglected. Cirrhosis of the liver, intestinal congestion, gastritis, catarrh of the stomach—these are only a few of the many ailments often caused by Acid-Stomach.

A sufferer from Catarrh of the Stomach of 11 years' standing writes: "I had catarrh of the stomach for 11 long years and I never found anything to do me a bit of good—just temporary relief—until I used EATONIC. It is a wonderful remedy and I do not want to be without it."

If you are not feeling quite right—lack energy and enthusiasm and don't know just where to locate the trouble—try EATONIC and see how much better you will feel in every way.

At all drug stores—a big box for 50c and your money back if you are not satisfied.

(FOR YOUR ACID-STOMACH)

MAKING RURAL SURVEY

Work of Nation-Wide Survey by Interchurch World Movement of Great Importance.

In almost all parts of the United States state rural survey supervisors are finding themselves in situations where they have to restrain local communities from founding federated or union churches, especially without any ecclesiastical or denominational connection. Men are having this experience in various parts of the central West. The last incident comes from one of the Mississippi valley states.

Prairieville has a population of 200 and for years has had two churches. There never has been a resident pastor and most of the time either one church or the other was without its fractional allowance of some minister's time. The people themselves decided that they ought to unite in some sort of community fellowship. They were insistent that they had been unfairly treated by denominational boards and that there was no hope of ever bringing about an adequate ministry of religion for their community through official sources. To them the only solution was to cut loose from all denominational affiliation.

A group of fifteen of them from the two churches and from two country churches, closely contiguous to the town, waited upon the Interchurch World Movement supervisor and ask his help in bringing this about. He reports that they put him through the severest siege of grunting he has ever experienced. The meeting lasted four hours.

The supervisor gave them data concerning undenominational churches, sketched out such plans as had been used in Vermont and Montana, and finally persuaded them to express their convictions in a resolution and present it to the proper denominational officials. The procedure which the Interchurch hopes, in the light of the survey, to follow with an adequate program was explained to these people and was probably the one thing, more than any other, which induced them to abandon, for the present, their idea of a federated church.

Tributary to this little trade center of Prairieville are about 1,000 people. The action of their leaders is proof of the fact that in many an average rural or village community there is latent the dynamic power and the leadership for the democratic management of their own affairs. This instance, and the others occurring, evidence the fact that there is a widespread spirit of rebellion on account of the inefficiency of the ministrations thus far given them.

The Interchurch World Movement has succeeded in procuring a temporary stay of federated and unaffiliated union churches. The people are now ready to accept a denominational church but they are determined to have only one.

What will church officialdom do for Prairieville and thousands of other Prairievilles that are coming to light?

"No Man Alone Can Take a Trench!" "Keep together! Keep together!" shouted a commanding officer overseas. "No man alone can take a trench!" "I say: Keep together! Keep together men of God! No church alone can take a world!"—G. Sherwood Eddy.

L. Woodson of the county line, was in the city Saturday afternoon on business.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. No gripping results from these pleasant little tablets. They cause the liver and bowels to act normally. They never force them to unnatural action. Dr. Edwards' Olive Tablets are a soothing, healing, vegetable compound mixed with olive oil.

If you have a bad taste, bad breath, feel dull, tired, are constipated or bilious, you'll find quick and sure results from Dr. Edwards' little Olive Tablets at bedtime. 10c and 25c a box.

## INCOME TAX RETURNS DUE

Business Men, Farmers and Wage Workers Must File Schedules of Income for 1919.

MARCH 15 LAST FILING DATE.

Net Incomes of \$1,000 or Over, if Single; or \$2,000 or Over if Married, Must Be Reported.

The Income Tax imposed by Act of Congress on earnings of the year 1919 is now being collected.

Returns under oath must be made on or before March 15 by every citizen and resident who had a net income for 1919 amounting to:

\$1,000 or over, if single; or if married and living apart from wife (or husband); or if widowed or divorced. \$2,000 or over, if married and living with wife (or husband).

The status of the person on the last day of the year fixes the status for the year with respect to the above requirements.

Under any of these circumstances a return must be made, even though no tax is due.

Husband and wife must consider the income of both, plus that of dependent minor children, in meeting this requirement; and, if sufficient to require a return, all items must be shown in a joint return or in separate returns of husband and wife.

A single person with minor dependents must include the income of such dependents.

A minor who has a net income of \$1,000 or more is not considered a dependent, and must file a separate return.

Personal returns should be made on Form 1040A, unless the net income exceeded \$5,000, in which case Form 1040 should be used.

Residents of Indiana should file their returns with, and make payments of Income Tax to, William L. Elder, Collector of Internal Revenue, Indianapolis.

### How to Figure Income.

The best way to find out whether one must file a return is to get a Form 1040A and follow the instructions printed on it. That form will serve as a reminder of every item of income, and if a return is due it tells how to prepare and file it.

If in doubt on any point as to income or deductions, a person may secure free advice and aid from the nearest Internal Revenue office.

Guesswork, estimates and other hit-or-miss methods are barred when a person is making out his Income Tax return. Accuracy and completeness must be insisted upon. The return is a sworn statement. As such it must be thorough and accurate.

Salaried persons and wage earners must ascertain the actual compensation received. Overtime, bonuses, shares in the profits of a business, value of quarters and board furnished by the employer and other items which are compensations for services must be included.

It must be borne in mind that compensation may be paid in other forms than in cash. A bonus paid in Liberty Bonds is taxable at the market value of the bonds. A note received in payment for services is taxable income at its face value, and the interest upon it is also taxable.

### Other Returns Due.

Every partnership doing business in the United States must file a return on Form 1065; and every personal service corporation must file a similar return.

Corporations must file annual returns on Form 1120.

Trustees, executors, administrators and others acting in a fiduciary capacity are required to file returns. In some cases, Form 1041 is used; in others, Form 1040; and still others, returns on both forms are required.

Information returns, on Forms 1099 and 1096, must be filed by every organization, firm or person who paid, during 1919, an amount of \$1,000 in salary, wages, interest, rent, or other fixed or determinable income to another person, partnership, personal service corporation or fiduciary. These information returns should be forwarded directly to the Commissioner of Internal Revenue (sorting division), Washington, D. C.

We Do "Printing That Pleases."

## INCOME TAX IN NUTSHELL

WHO—Single persons who had net income of \$1,000 or more for the year 1919.

Married couples who had net income of \$2,000 or more.

WHEN—March 15, 1920, is final date for filing returns and making first payments.

WHERE—Collector of Internal Revenue for District in which the person resides.

HOW—Full directions on Form 1040A and Form 1040; also the law and regulations.

WHAT—Four per cent normal tax on taxable income up to \$4,000 in excess of exemption. Eight per cent normal tax on balance of taxable income. Sur-tax, from one per cent to sixty-five per cent on net incomes over \$5,000.

## FARMER'S INCOME IS ALSO SUBJECT TO TAX

Gains for 1919 Must be Figured Under U. S. Law—Returns Due March 15.

A farmer, shopkeeper, or tradesman must figure up his net income for 1919; and if the farm or business income plus his other income was sufficient to require an income tax return a complete return must be filed with the collector of internal revenue by March 15.

A farmer should ascertain the gross income of his farm by computing all gains derived from the sale or exchange of his products, whether produced on the farm or purchased and resold.

### Farm Expenses.

From his gross income a farmer is allowed to charge off all of his necessary expenses in the conduct of the farm during the year. These include costs of planting, cultivating, harvesting and marketing. In addition to these costs he may deduct money spent for ordinary farm tools of short life bought during the year, such as shovels, rakes, etc. Also, the cost of feed purchased for his live stock may be treated as an expense in so far as this cost represents actual outlay, but the value of his own products fed to animals is not a deductible item.

Other farm expenses allowable are the cost of minor repairs on buildings (but not the dwelling house), on fences, wagons and farm machinery; also bills paid for horseshoeing, stock powders, rock salt, services of veterinary, insurance (except on dwelling house), gasoline for operating power and sundry other expenses which were paid for in cash.

As to hired help, all the productive labor is a deductible expense; but the wages of household servants, or help hired to improve the farm, as in tree planting, ditching, etc., cannot be claimed against earnings. A farmer is not allowed to claim a salary for himself or members of his family who work on the farm.

### Wear and Tear.

Purchase of farm machinery, wagons, work animals, etc., also the cost of construction or extension of buildings, silos, fencing, etc., should be considered additional investments in the farm and are not proper deductions against income.

A reasonable allowance may be claimed for wear and tear on farm buildings (except the farmhouse), fences, machinery, work animals, wagons, tanks, windmills and other farm equipment which is used in the conduct of the farm.

As to autos and tractors, the cost of these is not an expense, although the cost of their upkeep is an allowable deduction, if the machines are used exclusively for farm purposes and not for pleasure. Also, in such cases, a deduction for wear and tear is allowed.

### Farm Losses.

The loss of a growing crop is not a proper deduction from income, inasmuch as the value of the crop had not been taken into gross income. The loss of a building or of machinery through storm, lightning, flood, etc., is an allowable deduction, but care should be used to ascertain the correct loss sustained, as restricted by income tax regulations.

No deduction is allowed in the case of loss of animals raised on the farm, but a loss is deductible from gross income if the animals had been purchased for draft or breeding purposes.

Shrinkage in weight or value of farm products held for favorable market prices cannot be deducted as a loss, for the reason that when such products are sold the shrinkage will be reflected in the selling price.

### Sale of Farms and Land.

The value of agricultural lands has been jumping during the past few years, and during 1919 many owners sold out part or all of their lands at big profits. All such gains constitute income and must be taken into the net income for the year.

Any person who sold part of a farm or ranch, or part of a parcel of land, must also show any gains realized by the sale.

The method of figuring gains and losses on such transactions is prescribed in the Income Tax regulations, copies of which may be secured from Internal Revenue Collectors.

### Forms for Returns.

The Internal Revenue Bureau has issued an improved Form 1040F for the use of farmers. This form, together with Form 1040A or 1040, will give the farmer explicit information as to how to properly figure his net income for 1919.

There are two methods of figuring a farmer's income tax return this year. He may make his return on the basis of the difference between the money and goods received for his products and the cash paid out for actual allowable farm expenses within the year. Or he may make his return on the accrual basis, which means computing the receipts and expenses that pertain to the taxable year, excluding income earned and expenses incurred in previous or succeeding years.

## How About Your Catarrh? Do You Want Real Relief?

Then Throw Away Your Sprays and Other Makeshift Treatment.

Why? Simply because you have overlooked the cause of catarrh, and all of your treatment has been misdirected. Remove the cause of the clogged-up accumulations that choke up your air passages, and they will naturally disappear for good. But no matter how many local applications you use to temporarily clear them away, they will promptly re-appear until their cause is removed.

S. S. S. is an antidote to the millions of tiny Catarrh germs with which your blood is infested. A thorough course of this remedy will cleanse and purify your blood, and remove the disease germs which cause Catarrh.

**Service First  
Advice Second  
Sales Third**

There's our policy in a nutshell.

First—When the customer comes in, find out what *HE* wants. Give him satisfaction at the lowest charge consistent with a good, thorough job.

Second—Tell him how to prevent battery trouble. We're not anxious to repair his battery, except to make it last longer.

Third—When he really needs a new battery we want him to buy it from us, naturally, and to buy a Willard with Threaded Rubber Insulation—because that battery will last longer and give him less occasion for expense on repairs than any other battery he can buy.

Come in and find out the wonderful service records of Willard Batteries with Threaded Rubber Insulation.

## RURAL CHURCHES IN BAD PLIGHT, REPORTS SHOW

Many Dying in East, While Vast Regions in West Are Without Any Pastors.

### EXPERTS STUDYING HOW TO OVERCOME DANGERS

Baptist State Conventions Plan Vigorous Action—Will Try Out Community Centers to Increase Efficiency.

How to meet the problem of the rural churches is a task which is arousing the concern of the General Board of Promotion of the Northern Baptist Convention. Surveys recently made by representatives of the convention reveal that in some sections many of these churches are gradually dying. It was also shown that the outlook for others is far from promising. This is particularly true in the East. In the Western states the need is for the establishment of churches in the hundreds of new communities which are springing up.

The seriousness of the problem becomes more apparent when a glance at the United States Census report shows that in 1910 the number of persons on the farm was 49,348,883 as against 42,623,383 persons living in cities. This is further emphasized by the figures revealed in 1917—that the number of persons engaged in agricultural pursuits and in animal husbandry was 19,070,843.

"The rural churches," says the report, "have long been the fountains of our life. We cannot afford to let the springs dry up. Our churches are the fireplaces of the Christian family. . . . the schoolrooms where the Church educates its people and leads them into all the truth. . . . Our buildings ought to be an adequate reflection of the life and strength of the churches. A small church with meager resources may of necessity be compelled to do with an inadequate plant. But a church of strength and power ought to have a home that will reflect its life."

And to help the state conventions which supervise the work in their own states men are being employed to give their whole time, effort and study to help solve the problem. Other measures planned to help meet the need are increases in ministers' salaries, the establishment of community centers and the use of community churches when other means are inadvisable.

Excerpts from the plans of the state conventions show how urgent some of these bodies regard the plight of the rural church. A few of these follow:

New Hampshire—"Strengthen rural churches." Connecticut—"Work out federation or community church plans to meet the desperate country church situation." New Jersey—"Establish two or three rural parish centers as experiments for solving the rural problem and six or seven foreign community centers." Wisconsin—"Develop the rural churches, making them vital factors in community life." Ohio—"Employ two new district missionaries." Indiana—"Employ an expert on rural work . . . erect at least seven churches and community buildings for the new Americans." Illinois—"Develop rural work." West Virginia—"Strengthen the missionary work at many points and enter new fields." Minnesota—"Develop two or three rural centers." North Dakota—"Raise standards of salaries of missionary pastors." Montana—"Appoint two pastors at large, a general evangelist and several rural experts, Sunday school director and association missionaries." Idaho—"Open several stations in the new irrigation tract." Utah—"Employ two new missionaries." Eastern Washington—"Increase missionary staff 33 per cent, increase salaries and occupy many destitute fields." Oregon—"Inaugurate at once new work in many fields now opening up. Great districts with hundreds of people have no church nor missionary. Employ several general missionaries and a superintendent of evangelism."

Great Britain is using American Baptist missionaries in promoting education in Burma, missionaries conducting 856 schools under government direction.

Republican Classified Advs. Pay.

## 'RED'S' ADVICE ACTS AS SPUR

Churches and Other Agencies Extend Work Among "New Americans" to Foil Bolsheviki.

### TEACH ENGLISH, FIRST AIM

Foreign Language Press Drawback. Baptists Plan Big Share in Movement.

"Five per cent of the foreign language press advocates the bullet rather than the ballot for bringing about changes that its following desire. Fifteen per cent is Socialist and urges the ballot as the sufficient method of changing economic and political conditions which its readers oppose."—Figures given out by the American Association of Foreign Language Newspapers.

"There were 9,000,000 adult aliens in the United States in 1918, whose reading was chiefly foreign language newspapers."—Figures in a survey made as a part of the New World Movement of Northern Baptists.

Efforts to spread the understanding of our language and the ability to use it, to define our social, political and industrial ideas and ideals, to urge the acceptance of these ideas and of the United States as a home and to help develop the willingness to sacrifice for America's ideals are being undertaken today by government and other agencies. In this big task the Northern Baptist Convention plans to take an increased part.

The need of vigorous action along these lines is perhaps best shown in the words of John Reed, Bolshevik writer and organizer, who in New York on April 7, 1919, urged the Bolsheviks:

"Never mind the old men nor the middle age men. And don't pay attention to the American citizen. Get the immigrant. Get them at the impressionable ages of sixteen to twenty-five. Get them all. Organize them and teach them as you organize."

This outspoken advice has stirred Church and government to renewed activity. The former is interested that this shall be carried out in keeping with Christian principles. And the New World Movement of Northern Baptists plans to train workers, both lay and clerical, for work with certain races, as well as to "train the rank and file of church members to a better understanding of the foreign born." Men of the Baptist Church, the New World Movement leaders urge, have a Christian duty to assist in bettering living conditions of foreigners, to improve factory conditions and to prevent the immigrant from being exploited. They are also urged to help enlarge social, educational, civic and religious opportunities of the newcomer. Women of Baptist churches are urged to cultivate personal friendships with individual foreign born women. Children are being taught to make friends of the children of foreign born families.

Work among "New Americans" is specifically planned in the reports of the various state conventions of the Baptist Church. Eleven nationalities will be brought into contact with the plans as outlined in the reports of the state conventions of Maine, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Wisconsin, Ohio, Indiana, Illinois, Minnesota, Colorado, Idaho, Arizona, Washington, Oregon and California. These nationalities include French, Russians, Poles, Italians, Roumanians, Hungarians, Slovaks, Mexicans, Japanese, Chinese and Scandinavians.

Twelve city mission societies, having a standard form of organization and operating in the larger cities, will be broadened in scope and more social, educational and religious centers established as the present New World Movement plans are put into effect.

### NORTHERN BAPTISTS HAVE NEW PAPER

February saw the appearance of Volume I, Number 1, of "The Baptist," the new official organ of the Northern Baptist Convention. Issued in Chicago, the weekly had a first printing of 75,000.

Dr. Nathan A. Crandall, formerly of Minneapolis, is editor-in-chief. Dr. Clifton D. Gray, editor of "The Standard," which "The Baptist" has absorbed, is managing editor. "The Standard" had been a household word in Baptist homes since 1853.

Among the contributing editors of

## PUBLISH MY LETTER

Says Mrs. Ovenstein, So Other Suffering Women May Learn How to Get Well.

Chicago, Ill.—"I suffered for four years with pains in my sides, hips and legs and a terrible backache. I could not do any work at all. I was treated by many physicians but they did not help me. I read in one of your books where other women had been helped by Lydia E. Pinkham's Vegetable Compound so I tried it and it helped me very much so that now I can do everything in the house. I have told my friends about your wonderful Vegetable Compound and you have my permission to publish my letter so other women who suffer may learn how to get well."—Mrs. IDA OVENSTEIN, 902 S. Marshfield Ave., Chicago, Ill.

This good old fashioned remedy is made from native roots and herbs and contains no narcotics or harmful drugs.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

"The Baptist" are Governor Carl Milliken of Maine, Professor William Lyon Phelps of Yale and Helen Barrett Montgomery. The purpose of the new paper is "to portray from week to week the forward steps of the denomination in the general advancement of Christianity."

Employment by many American communities of visiting nurses has inspired foreign mission societies to plan similar work, and a training school is being developed at Moumein (Burma) Hospital for Women, so that Burmese villages may have similar workers.

Sixty-seven languages are spoken in an area a little larger than Michigan, according to the report of Baptist missionaries in Assam, British India, a province which lies close to the border of Tibet. Assam is a great tea producing center, its exports being 1,700,000 chests in 1917.

Women in Burma are being educated to an extent not rivaled anywhere in the Orient, women's schools being conducted by American Baptists at Moumein, Rangoon and Mandalay.

Based on the 1910 census, there is one doctor for every 600 persons in continental United States. In Burma there are four American Baptist missionary physicians, who give medical attention to more than 10,000.

Twenty-five automobiles are to be sent to Burma by the American Baptist Foreign Mission Society. The result will be to triple the work of the 63 American missionaries there, as the British government has excellent roads.

One of the biggest publishing plants in the Orient is the Baptist Mission Press at Rangoon, Burma, which is quite modern and self-supporting. As 58 per cent of the people of Burma can read, the plant is a valuable aid to the mission workers.

## A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use. 30c and 60c jars; hospital size \$2.50.

# LADY LARKSPUR

MEREDITH NICHOLSON

Mystery! Intrigue! Romance!

In a Delightful Setting, Abounding in Happy Incidents, Fanciful Charm and Rare Good Humor

Eliminate the graceful narrative and substitute equally fascinating dialogue and this clever little novel would make a sprightly comedy.

The author of "The House of a Thousand Candles," "The Port of Missing Men," and other nation-wide successes, has shot another brightening ray from the sun of his genius. It will amuse, entertain and cheer—a panacea for gloom and dark skies.

### BEDFORD DEFEATS LOCAL FIVE, 39-13

(Continued from first page)

to score and slowly advanced their points to ten before Niehaus registered a field goal for the locals.

Although the defense of the S. H. S. quintet strengthened, Bedford registered four more field goals and a foul to two field goals by their opponents. The first half closed with the Seymour five facing the small end of a 19-6 count.

The start of the second half aroused great excitement. Although Crowe, of Bedford, was the first to score by a pretty shot from near center, Deal, of S. H. S. slipped the ball through the basket shortly afterwards. However, the pace of the locals slackened, and the remainder of the game resembled the previous period. The final count resulted in a 39-13 victory and the district honors for Bedford.

The only regret of the locals is that they were not in the prime of condition for a strenuous fight. Lewis, floor guard, was under personal care of a doctor, Friday night and Saturday morning. Deal and Steinwedel suffered minor injuries in the West Baden game but the whole team remained loyal and played their best. Even the Bedford fans expected a harder battle and did not count on even doubling the score of the locals.

Although the S. H. S. quintet regrets its inability to represent the district at Bloomington they expect Bedford to take up the fight and bring the state title to "our district." They extend the Bedford team their best wishes and will anxiously await results.

By defeating the Paoli team 42-9, Bedford won the privilege of opposing the S. H. S. quintet in the final game. The local five easily eliminated the West Baden team, 40-11, in the semi-finals. The Stone City team was surprised at this as the

West Baden team was expected to give the locals a hard fight.

Summary of the final game:—

Bedford (39)	Seymour (13)
Laughlin, f.	Keach, f.
Gainey, f.	Niehaus, f.
Emery, c.	Deal, c.
Crowe, g.	Lewis, g.
Callahan, g.	Steinwedel, g.

Substitutions—McMillan for

Crowe.

Field goals—Bedford; Laughlin 2, Gainey 6, Emery 6, Crowe 3. Seymour: Niehaus 3, Deal 2.

Foul goals—Bedford; Laughlin 5. Seymour: Niehaus 3.

Officials—Referee: Overman, of Indianapolis. Umpire: H. McLain, of Franklin.
